

# Team Report backs from IPT 2025 in PE

## WP 60 Whites

### Peter Kratz's report back

I felt the IPT was well organised and managed.

We were a hybrid team that played opposition that was well suited to our level - games were competitive, well umpired and over all conducted in good spirit.

Not a lot to change

### Brain Goeman's report back

With the benefit of some local knowledge, we made the most of some lesser known venues to make the most of our time in Gqerberha. Half the team drove up to the tournament, giving us the added benefit of transport for our team. A last minute appointment of Jen DH as manager was a welcome addition to our side. The Pearson and NMMU venues were great pitches, but the off-site pub made things a bit disjointed. The games were good competition, although we ran out of legs as the days progressed. The sponsorship goodies were well appreciated. All in all, a great tournament – we look forward to the next one.
